Value Exchange Corporation named to “Top 100 U.S. Processors” list for 2010 By The Nilson Report

NASHVILLE - Value Exchange Corporation is pleased to announce that for the third consecutive year it has been named as one of the Top 100 U.S. processors by **THE NILSON REPORT**, one of the leading publications covering payment systems worldwide. The list was published in Issue 967 for March 2011 and represents the 94 largest portfolios of merchant card-processing contracts ranked by the volume of Visa and MasterCard contracts processed in 2010.

In the U.S. alone, there are over 5,000 independent credit card processing entities. Value Exchange was ranked 92nd processing over 1.6 Million transaction and over \$150 Million in sales volumes from 1,872 merchant outlets. The current ranking moves Value Exchange Corporation up from it's 99th position previously.

Brian L. Cooper, President and CEO of Value Exchange Corporation congratulated all Value Exchange associates by stating, “It is a true testament of our associate’s commitment to customer sales and service excellence that we continue to move up on the Top U. S. Processors list every year of our existence”. Damon Cummings, EVP and COO went on to add “With our new state-of-the-art TECH Center now being fully operational, and with additional new financial institutions that have already signed in 2011, Value Exchange is again positioned for growth well into next year.”

Cooper concluded, “Value Exchange has demonstrated it has a great team of people, with the right technology and strong financial partnerships.....looking forward, we feel that for both us and our customers, the best is yet to come.”
